Summer-Autumn 2019

# Café Sci

Cambridge

Grab a coffee and  
a slice of science!

[www.cafescicambridge.org](http://www.cafescicambridge.org)

A lively season of free events exploring  
the latest ideas in science and technology.

7pm at Espresso Library  
210 East Road, Cambridge CB1 1BG

---

**FREE event open to EVERYONE!**

---

Brought to you by  
Wellcome Genome Campus  
Public Engagement

WELLCOME GENOME CAMPUS  
**CONNECTING  
SCIENCE**

JUN: Wed 12

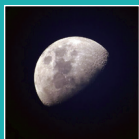

## HOW GENES SHAPE THE IMMUNE SYSTEM

**Gosia Trynka, Wellcome Sanger Institute**

Explore the link between our genes and common autoimmune diseases such as diabetes and arthritis.

JUL: Wed 10

## MOON LANDINGS 50 YEARS ON

**John Pernet-Fisher, University of Manchester**

Celebrate the 50th anniversary of the Apollo Moon Landings by looking at the history and future of space exploration.

AUG: Wed 14

## THE VITAL FIRST MONTHS OF LIFE

**Christine O'Farrelly, University of Cambridge**

Discuss the impact of play and positive parenting on the mental health of children and adults.

SEP: Wed 11

## GUT BACTERIA & HUMAN HEALTH

**Hilary Browne, Wellcome Sanger Institute**  
**Alex Almeida, European Bioinformatics Institute (EMBL-EBI)**

Investigate the complex and fascinating connections between health and bacteria that live in our intestines.

OCT: Wed 16

## THE ETHICS OF MEDICAL DATA SHARING

**Richard Milne, Wellcome Genome Campus**  
**Connecting Science**

Examine the ethical aspects of using personal data in scientific research, medical diagnostics and biotechnology.

NOV: Wed 13

## THE SURPRISING SCIENCE OF FATHERHOOD

**Anna Machin, University of Oxford**

Explore the biological and psychological impact on mental health that can accompany fatherhood.

Short talk | Interval | Discussions | Close 8:30pm

Come early to avoid disappointment.
